FULTON COUNTY GOVERNMENT

Fulton County Commissioner Lynne Riley and

Johns Creek Mayor Mike Bodker break ground on Greenway Project

The Johns Creek Greenway, a continuous network of trails throughout the city, is underway. Groundbreaking on segment 1 of the project, along Medlock Bridge Road from Old Alabama Road to Findley Road, was held Monday, March 23, 2009 on the grounds of Perimeter Church in Johns Creek.

Future plans call for the Johns Creek Greenway to connect all current and future city parks and trails in the Chattahoochee River National Recreation Area, to greenways and parks of adjacent jurisdictions, including the city of Alpharetta and Forsyth and Gwinnett counties.

Fulton County Commissioner Lynne Riley (District 3) and Johns Creek Mayor Mike Bodker joined Greenway officials at the groundbreaking ceremonies.
